

RSA has become Intact Insurance

We partner with RSA to provide your residential flats insurance cover. From 6 October, RSA became Intact Insurance, uniting under a single global brand with both the brand and legal company name changing in the UK.

You'll start to notice a new name and a fresh identity when you speak to or receive any communication from Intact Insurance. While the transition will take time to complete, your cover and service remain unchanged and our commitment to you will remain our top priority.

Intact Insurance is part of Intact Financial Corporation – Canada's largest provider of Property & Casualty insurance, a global leader in Specialty Lines, and a top Commercial Lines insurer in the UK and Ireland. With over 31,000 experts worldwide, Intact brings global strength and local understanding to every policy.

We're proud to continue our partnership with Intact Insurance and are heartened by their focus on service excellence and take confidence in their focus on excellent customer service, as reflected in their belief.

We believe insurance is about people, not things. This belief defines who we are – guides how we serve, build relationships, and why we strive for excellence. Because behind every policy is someone who depends on it.
